# What is Rendezvous?

Rendezvous is all about the creation of new projects and collaboration. Our site offers the service for users to create and join various projects based on their personal interest and individual skillsets.

Our ideal audience is teenagers and adults that have new project ideas, but are searching for a team members to bring this project idea to life.

# Advanced Search

For our team choice, we decided to implement an advanced search feature. That allows users to search for projects using:

- Project Tags
- Project Name/Description
- Project Location
- Relevant Skills

*Rendezvous*

# Project Reflection

As a team, we'd like to highlight the following successes:

- Delegating tasks
- Assisting each other when needed
- Perfecting our Data Model

We'd also like to highlight the following challenges:

- Collaborating via GitHub
- Communication

# Future Work

If we'd continue working on our website. We'd like to:

- Make site fully functional
- Link site login to social media accounts
- Make ideas and projects shareable via social media
- Boost up UI
